

INTERIOR REMOVAL SPECIALIST, INC.
T.I. Demolition

**How can you be sure you are getting the
diversion you need out of your contractor and
hauler?**

- Look at spaces before demolition to find donation items
- Know what can and cannot be recycled
- Require proof of diversion at completion of projects
- Work with contractors to make sure that the debris is being taken to City certified facilities. Ask these questions:
 - Who is your hauler?
 - Where is the debris going?
 - Is the facility certified by your city?
- Require proof of diversion at completion of projects
